## Profilo Azienda:

La Enrico Cantone nasce ufficialmente nel 1996, come ditta individuale che si occupa della vendita per corrispondenza di accessori, ricambi e oggettistica relativa a tutti i modelli **Volkswagen** raffreddati ad aria. Nel 2016 la ditta si trasforma in società S.R.L. La linea dei prodotti viene chiamata: **VW CLASSIC**.

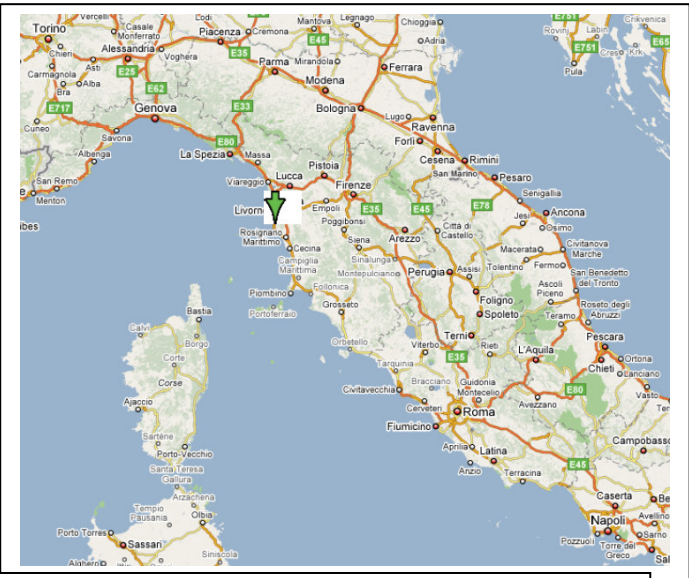

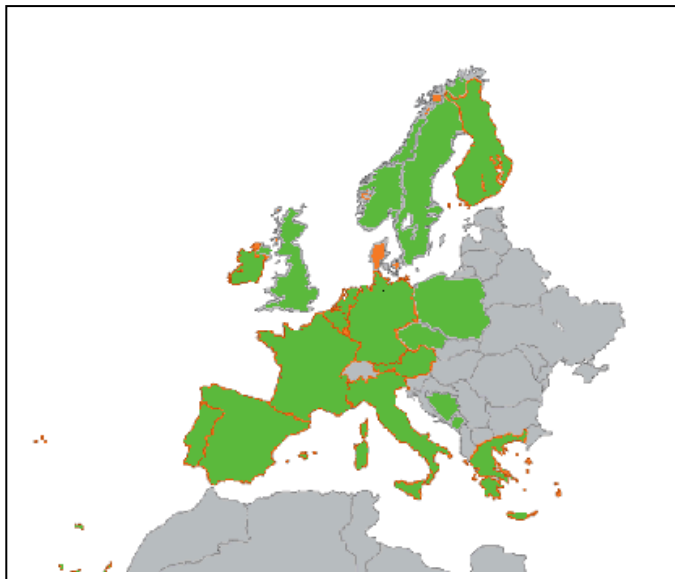

Nel marzo 1999 concludendo un accordo con una assicurazione Americana aggiunge alla attività "tradizionale" il settore relativo all'importazione e distribuzione di **ricambi auto con specifiche americane** per gli statunitensi che lavorano presso le basi americane in Italia costituendo così la linea **U.S. PARTS SUPPLY**.

Questa linea consente inoltre la disponibilità di tutti i ricambi a specifiche americane di tutte le **epoche** nonché l'importazione di tutti prodotti e l'oggettistica **\*Made in U.S.A.\*** disponibili nello specifico settore.
